

Efficient Axial Piston Double Pump A22VG045HT Series Loader Oil Pump Hydraulic Pumps Model A22VG045HT1003E1/11B-RNB2S73UB2S5A-S

Our Product Introduction

for more products please visit us on hydraulicmachineryparts.com

Basic Information

- Place of Origin: China
- Brand Name: HALCYON
- Model Number: A22VG45
- Minimum Order Quantity: 1 piece
- Price: Negotiable
- Packaging Details: Wooden Box+Pallet
- Delivery Time: In Stock: 1-3 day(s); Out of Stock: Customization time depend on specific circumstances
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 900 pieces per month

Product Specification

- Usage: Hydraulic Piston Pump
- Application: Industrial Machinery
- Power: Hydraulic
- Pressure: High Pressure
- Type: Swash-plate Type Axial Piston Pump
- Feature: Printed
- Highlight: **A22VG045HT axial piston pump, double pump hydraulic loader, A22VG series oil pump**

Product Description

Efficient Axial Piston Double Pump A22VG045HT Series Loader Oil Pump Hydraulic Pumps Model A22VG045HT1003E1/11B-RNB2S73UB2S5A-S

Product Specifications

Attribute	Value
Usage	Hydraulic piston pump
Application	Industrial machinery
Power	Hydraulic
Pressure	High Pressure
Type	Swash-plate type axial piston pump
Feature	Printed

Product Description

A22VG45 Swash plate piston pump

Swash plate type axial piston variable double pump, with two axial piston rotary components, for hydrostatic transmission in closed circuits

Making the swash plate swing past the neutral position can smoothly change the direction of the liquid flow

The driving speed is proportional to the displacement, and the flow can be infinitely adjustable

This product is a swash plate piston-type closed-circuit dual pump, independently produced by our company. It is used in the closed-circuit system of skid steer loaders.

The control mode is hydraulically controlled direct-acting type, which controls the pump displacement by directly regulating the pressure in the piston chamber, thereby controlling the rotation speed of the travel motor.

It is equipped with a high-pressure relief valve and a DA valve. The volumetric efficiency is $\geq 92\%$, the mechanical efficiency is $\geq 86\%$, and the oil seal of the hydraulic pump skeleton is made of fluororubber.

HALCYON

Company Profile

FACTORY

GUANGZHOU HALCYON-HYDRAULIC CO. LTD

ABOUT US

Guangzhou Halcyon-Hydraulic Co. Ltd was founded in 2010 and is located in Guangzhou National High-tech Development Zone. Our main business is to develop and manufacture high pressure piston pumps, motors, spare parts, integrated products of hydraulic system, and equipments repairing and remanufacturing. The company has passed ISO9001 quality certification, and has been awarded as "Contract and Trust worthy Enterprise" and "Guangdong High-tech Enterprise".

OUR ADVANTAGES

- **Expertise in R&D and Design:** Over 20 years of experience in the research, development, and design of high-pressure piston pumps and motors.
- **Manufacturing Excellence:** More than 13 years in factory manufacturing, contributing to high standards and quality production.
- **Standard Development:** Active participation in the development of the Chinese national standard for hydraulic pumps.
- **Patent Portfolio:** Possession of 19 utility model patents and 5 invention patents, showcasing our innovative capabilities.
- **Cost-Effective Production:** Our real factory setup ensures cost-effective production and competitive pricing for high-quality products.
- **Customization and ODM Services:** Strong capabilities in offering customized services and excellent Original Design Manufacturing (ODM) to meet various client needs.
- **Industry Collaboration:** Extensive experience in manufacturing specialized hydraulic pumps and motors for major machinery manufacturers like XCMG

FAQ

Compatible Models

We can offer perfect interchangeable replacements of many world's renowned brands including Rexroth, Eaton, Parkers, Kawasaki, Tokimec, Sauer-danfoss, Komatsu and more.

Frequently Asked Questions

Q1. Why choose us?

More than 20 years of experience in hydraulic parts design and 14 years of experience in manufacturing branded quality of piston pumps and motors. As a reputed factory supplier, We have many modern production machines and testing equipment, as well as a strict and renowned quality management system. Welcome ODM/OEM inquiry with high quality demand.

Q2. Can I customize the product?

Absolutely. Actually customizing service according to drawing or request, is the most advantage and big difference between HALCYON and common suppliers. We have excellent technical precipitation and mature production process in hydraulic industry.

Q3. Can I have free samples?

Usually no, but negotiable according to different products and orders.

Q4. What's the delivery time?

10-60 days after payment, according to different products and orders.

Q5. How to order?

Inquiry → Quotation → Negotiation → Samples → PO/PI → Down payment → Mass production → Quality inspection → Book Space → Balance/Delivery → Further.
