

Double Pump A20 A20VO A20VO60 A20VO95 A20VO190 A20VO260 Series Hydraulic Variable Piston Pump A20VO60-DFR/10R-VSD24K68

Our Product Introduction

for more products please visit us on hydraulicmachineryparts.com

Basic Information

- Place of Origin: China
- Brand Name: HALCYON
- Model Number: A20V060
- Minimum Order Quantity: 1 piece
- Price: Negotiable
- Packaging Details: Wooden Box+Pallet
- Delivery Time: In Stock: 1-3 day(s); Out of Stock: Customization time depend on specific circumstances
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 900 pieces per month

Product Specification

- Usage: Hydraulic Piston Pump
- Application: Industrial Machinery
- Power: Hydraulic
- Pressure: High Pressure
- Type: Swash-plate Type Axial Piston Pump
- Feature: Printed

Product Description

Double Pump A20 A20VO A20VO60 A20VO95 A20VO190 A20VO260 Series Hydraulic Variable Piston Pump A20VO60-DFR/10R-VSD24K68

1. Swash plate type axial piston variable double pump, with two axial piston rotary components, for hydrostatic transmission in closed circuits;
2. Making the swash plate swing past the neutral position can smoothly change the direction of the liquid flow;
3. The driving speed is proportional to the displacement, and the flow can be infinitely adjustable.

Description

This product is a swash plate piston-type closed-circuit dual pump, independently produced by our company. It is used in the closed-circuit system of skid steer loaders.

The control mode is hydraulically controlled direct-acting type, which controls the pump displacement by directly regulating the pressure in the piston chamber, thereby controlling the rotation speed of the travel motor.

It is equipped with a high-pressure relief valve and a DA valve.

The volumetric efficiency is $\geq 92\%$, the mechanical efficiency is $\geq 86\%$, and the oil seal of the hydraulic pump skeleton is made of fluororubber

Company Profile

FACTORY

GUANGZHOU HALCYON-HYDRAULIC CO. LTD

ABOUT US

Guangzhou Halcyon-Hydraulic Co. Ltd was founded in 2010 and is located in Guangzhou National High-tech Development Zone. Our main business is to develop and manufacture high pressure piston pumps, motors, spare parts, integrated products of hydraulic system, and equipments repairing and remanufacturing. The company has passed ISO9001 quality certification, and has been awarded as "Contract and Trust worthy Enterprise" and "Guangdong High-tech Enterprise".

OUR ADVANTAGES

- **Expertise in R&D and Design:** Over 20 years of experience in the research, development, and design of high-pressure piston pumps and motors.
- **Manufacturing Excellence:** More than 13 years in factory manufacturing, contributing to high standards and quality production.
- **Standard Development:** Active participation in the development of the Chinese national standard for hydraulic pumps.
- **Patent Portfolio:** Possession of 19 utility model patents and 5 invention patents, showcasing our innovative capabilities.
- **Cost-Effective Production:** Our real factory setup ensures cost-effective production and competitive pricing for high-quality products.
- **Customization and ODM Services:** Strong capabilities in offering customized services and excellent Original Design Manufacturing (ODM) to meet various client needs.
- **Industry Collaboration:** Extensive experience in manufacturing specialized hydraulic pumps and motors for major machinery manufacturers like XCMG.

FAQ

Q1. Why choose us?

A. More than 20 years of experience in hydraulic parts design and 14 years of experience in manufacturing branded quality of piston pumps and motors. As a reputed factory supplier, We have many modern production machines and testing equipment, as well as a strict and renowned quality management system. Welcome ODM/OEM inquiry with high quality demand.

Q2. Can I customize the product?

A. Absolutely. Actually customizing service according to drawing or request, is the most advantage and big difference between HALCYON and common suppliers. We have excellent technical precipitation and mature production process in hydraulic industry.

Q3. Can I have free samples?

A. Usually no, but negotiable according to different products and orders.

Q4. What's the delivery time?

A. 10-60 days after payment, according to different products and orders.

Q5. How to order?

A. Inquiry → Quotation → Negotiation → Samples → PO/PI → Down payment → Mass production

→Quality inspection→ Book Space →Balance/Delivery → Further.
