Frequently Asked Questions

Why choose us?

With more than 20 years of experience in hydraulic parts design and 14 years in manufacturing branded quality piston pumps and motors, we operate as a reputed factory supplier. Our facility includes modern production machines, testing equipment, and a strict quality management system. We welcome ODM/OEM inquiries with high quality demands.

Can I customize the product?

Absolutely. Customization service according to drawings or specifications is our key advantage that differentiates us from common suppliers. We have excellent technical expertise and mature production processes in the hydraulic industry.

Can I have free samples?

Typically no, but this is negotiable depending on the product and order requirements.

What's the delivery time?

10-60 days after payment, depending on the specific products and order details.

How to order?

Our ordering process follows these steps: Inquiry → Quotation → Negotiation → Samples → PO/PI → Down payment → Mass production → Quality inspection → Book Space → Balance/Delivery → Further cooperation.
