Frequently Asked Questions

Why choose us?

With over 20 years of experience in hydraulic parts design and 14 years in manufacturing branded quality piston pumps and motors, we operate as a reputable factory supplier. Our facility includes modern production machines and testing equipment, supported by a strict quality management system. We welcome ODM/OEM inquiries with high quality demands.

Can I customize the product?

Absolutely. Customization services according to drawings or specific requests represent our primary advantage and key differentiation from common suppliers. We possess excellent technical expertise and mature production processes in the hydraulic industry.

Can I have free samples?

Typically no, but this is negotiable based on different products and order quantities.

What's the delivery time?

Delivery ranges from 10-60 days after payment, depending on the specific products and order requirements.

How to order?

Our ordering process follows these steps: Inquiry → Quotation → Negotiation → Samples → PO/PI → Down payment → Mass production → Quality inspection → Space booking → Balance payment/Delivery → Ongoing support.
