

Hydraulic Piston Pump For Rexroth A4VSO125DR A4VSO180LR2 A4VSO180DR A4VSO250DR A4VSO300DR A4VSO355DR Pump

Our Product Introduction

for more products please visit us on hydraulicmachineryparts.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: HALCYON
- Model Number: A4VSO355
- Minimum Order Quantity: 2 pieces
- Price: Negotiable
- Packaging Details: Wooden Box + Pallet
- Delivery Time: In Stock: 1-3 day(s); Out of Stock: Customization time depend on specific circumstances
- Payment Terms: D/A, D/P, L/C, T/T, Western Union, MoneyGram
- Supply Ability: 900 pieces per month

A4VSO Series

Model variety complete
Performance stable
After-sales service guaranteed

Service

Product Specification

- Warranty: 1 Year
- Application: Heavy Machinery
- After Warranty Service: Video Technical Support
- Video Outgoing-inspection: Available
- Machinery Test Report: Available
- OEM: Available
- Color: Customer's Requirement
- Customized: Available
- Highlight: Hydraulic piston pump for Rexroth A4VSO, Rexroth A4VSO125DR hydraulic pump, A4VSO180DR piston pump with warranty

Product Description

Hydraulic Piston Pump For Rexroth A4VSO Series

Rexroth A4VSO Series Hydraulic Swash Plate Axial Piston Variable Pump

**HALCYON**

Product Description

High pressure axial piston pump assembly designed for demanding hydraulic applications.

Key Features

- Swash plate axial piston variable pump for hydrostatic transmission in open circuits
- Flow rate proportional to input speed and displacement
- Infinitely adjustable flow through swash plate adjustment
- Reserved port for series connection with other pumps

Product Specifications

Parameter	Value
Displacement (cm ³)	180
Rotational Speed (min ⁻¹)	1800
Flow Rate (L/min)	324
Power (kW)	189
Weight (kg)	102

Company Profile

FACTORY

GUANGZHOU HALCYON-HYDRAULIC CO. LTD

ABOUT US

Guangzhou Halcyon-Hydraulic Co. Ltd was founded in 2010 and is located in Guangzhou National High-tech Development Zone. Our main business is to develop and manufacture high pressure piston pumps, motors, spare parts, integrated products of hydraulic system, and equipments repairing and remanufacturing. The company has passed ISO9001 quality certification, and has been awarded as "Contract and Trust worthy Enterprise" and "Guangdong High-tech Enterprise".

OUR ADVANTAGES

- **Expertise in R&D and Design:** Over 20 years of experience in the research, development, and design of high-pressure piston pumps and motors.
- **Manufacturing Excellence:** More than 13 years in factory manufacturing, contributing to high standards and quality production.
- **Standard Development:** Active participation in the development of the Chinese national standard for hydraulic pumps.
- **Patent Portfolio:** Possession of 19 utility model patents and 5 invention patents, showcasing our innovative capabilities.
- **Cost-Effective Production:** Our real factory setup ensures cost-effective production and competitive pricing for high-quality products.
- **Customization and ODM Services:** Strong capabilities in offering customized services and excellent Original Design Manufacturing (ODM) to meet various client needs.
- **Industry Collaboration:** Extensive experience in manufacturing specialized hydraulic pumps and motors for major machinery manufacturers like XCMG

CERTIFICATE

HYDRAULIC SYSTEM INTEGRATION

Application Fields:

Mobile Machinery, Industrial Equipment, Mining Machinery

Solution A:

Solution B:

System Integration Product Service Process

Customer provides basic parameters such as the total vehicle weight, engine power, engine speed, and travel speed

Negotiate the control strategy with the customer and design the system plan

Organize the production of related electro-hydraulic components

Provide the customer with a complete set of electro-hydraulic system components.

FAQ

Frequently Asked Questions

Why choose us?

With over 20 years of experience in hydraulic parts design and 14 years in manufacturing branded quality piston pumps and motors, we are a reputable factory supplier. We operate modern production machinery and testing equipment under a strict quality management system. We welcome ODM/OEM inquiries with high quality requirements.

Can I customize the product?

Absolutely. Customization services according to drawings or specific requests are our primary advantage and key differentiator from common suppliers. We have extensive technical expertise and mature production processes in the hydraulic industry.

Can I have free samples?

Typically no, but this is negotiable based on different products and order quantities.

What's the delivery time?

10-60 days after payment, depending on the specific products and order requirements.

How to order?

Inquiry → Quotation → Negotiation → Samples → PO/PI → Down Payment → Mass Production → Quality Inspection → Space Booking → Balance/Delivery → Further Cooperation
