FAQ

Frequently Asked Questions

Why choose us?

With over 20 years of hydraulic parts design experience and 14 years of manufacturing expertise, we produce branded quality piston pumps and motors. As a factory supplier, we maintain modern production machinery, advanced testing equipment, and strict quality management systems. We welcome ODM/OEM inquiries with high quality requirements.

Can I customize the product?

Absolutely. Customization services according to drawings or specific requests are our primary advantage and key differentiator from common suppliers. We have excellent technical expertise and mature production processes in the hydraulic industry.

Can I have free samples?

Usually no, but negotiable according to different products and order quantities.

What's the delivery time?

10-60 days after payment, depending on different products and order specifications.

How to order?

Inquiry → Quotation → Negotiation → Samples → PO/PI → Down payment → Mass production → Quality inspection → Book Space → Balance/Delivery → Further cooperation.
