FAQ

Frequently Asked Questions

Q1. Why choose us?

We bring more than 20 years of experience in hydraulic parts design and 13 years of experience manufacturing branded-quality piston pumps and motors. As a reputed factory supplier, we operate many modern production machines and testing equipment, backed by a strict and renowned quality management system. We welcome ODM/OEM inquiries with high quality demands.

Q2. Can I customize the product?

Absolutely. Customizing service according to drawing or request is the most significant advantage and key differentiator between HALCYON and common suppliers. We have excellent technical precipitation and a mature production process in the hydraulic industry.

Q3. Can I have free samples?

Usually no, but this is negotiable according to different products and orders.

Q4. What is the delivery time?

10–60 days after payment, depending on different products and orders.

Q5. How to order?

Inquiry → Quotation → Negotiation → Samples → PO/PI → Down payment → Mass production → Quality inspection → Book Space → Balance/Delivery → Further cooperation.
