

Road Roller Soil Compactor SD100 Hydraulic Motor 12765132 Crawler Paving Machine Industrial Engineering Service Supply

Our Product Introduction

for more products please visit us on hydraulicmachineryparts.com

Basic Information

- Place of Origin: Guangdong, China
- Model Number: 12765132
- Minimum Order Quantity: 2 pieces
- Price: \$840.00/pieces 2-29 pieces
- Packaging Details: Wooden Box+Pallet
- Supply Ability: 100 Piece/Pieces per Week

Product Specification

- Warranty: 6 Months
- Pressure: Standard
- Weight: 85
- Displacement: Standard
- Pump Type: PISTON PUMP
- Maximum Flow Rate: Standard
- Application: Industrial Machinery
- Material: Cast Iron
- Standard Or Nonstandard: Standard
- Package: Wooden Case Packing
- OEM: Support
- Port: Guangzhou
- Highlight: Road Roller Hydraulic Motor 12765132,
Crawler Paving Machine Hydraulic Motor,
Industrial Engineering Hydraulic Motor Supply

Product Description

Hydraulic Motor 12765132 (Voe12765132) — a high-quality replacement hydraulic motor engineered for SD100C, SD110C, SD110, and SD110 road rollers. Also referenced as part number **618-2-621-f19-1340-0000**. Competitive pricing, reliable performance, and full compatibility with crawler paving and soil compaction machinery.

Product Overview: Hydraulic Motor 12765132 for SD100 / SD110 Road Rollers

This hydraulic motor is a direct-fit component designed for the SD100C, SD110C, SD110, and SD110 series road rollers and crawler paving machines. Manufactured to stringent tolerances, it delivers consistent torque output and dependable service life in demanding industrial engineering environments.

Part Number: 12765132 / Voe12765132

Alternative Reference: 618-2-621-f19-1340-0000

Compatible Models: SD100C, SD110C, SD110, SD110 Road Roller

Application: Crawler paving machine, soil compactor, industrial engineering equipment

Category: Hydraulic motor — replacement / OEM supply

Our professional R&D team has focused on OEM and ODM hydraulic component orders for over 13 years. Major product lines include hydraulic piston pumps, hydraulic motors, swing motors, and travel motors. Custom manufacturing according to drawings or specific requests is our core advantage.

FACTORY

GUANGZHOU HALCYON-HYDRAULIC CO. LTD

ABOUT US

Guangzhou Halcyon-Hydraulic Co. Ltd was founded in 2010 and is located in Guangzhou National High-tech Development Zone. Our main business is to develop and manufacture high pressure piston pumps, motors, spare parts, integrated products of hydraulic system, and equipments repairing and remanufacturing. The company has passed ISO9001 quality certification, and has been awarded as "Contract and Trustworthy Enterprise" and "Guangdong High-tech Enterprise".

OUR ADVANTAGE

- 20+ years of experience on the R&D and design of high-pressure piston pump&motor. 13+ years of experience on factory manufacturing.
- The R&D team has strong technical background and competence, had participated in the R&D and design of high-pressure piston pumps for the J-10, Su-27, Long March III missiles and the HAMC Z-5 helicopter. The company participated in the development of Chinese national

standard of hydraulic pump (GB/T 41980.1-2022).

Now we have 19 patents for utility models and 5 patents for inventions.

- Real factory has good cost performance and competitive price for high quality products.
- Excellent ODM ability and customizing service for different request from clients.
- We have outstanding experience in making supporting hydraulic pumps and motors, matching for some machine manufacturers like XCMG.

FAQ

Frequently Asked Questions

Q1. Why choose us?

With more than 20 years of experience in hydraulic parts design and 13 years of manufacturing branded-quality piston pumps and motors, we are a reputed factory supplier. We operate modern production machines, comprehensive testing equipment, and a strict quality management system. We welcome ODM/OEM inquiries with high quality demands.

Q2. Can I customize the product?

Absolutely. Customizing service according to drawings or specific requests is our most significant advantage and key differentiator from common

suppliers. We have excellent technical expertise and a mature production process in the hydraulic industry.

Q3. Can I have free samples?

Usually no, but this is negotiable depending on the specific products and order volume.

Q4. What is the delivery time?

10–60 days after payment, depending on the specific products and order quantity.

Q5. How do I place an order?

The ordering process: Inquiry → Quotation → Negotiation → Samples → PO/PI → Down payment → Mass production → Quality inspection → Book Space → Balance/Delivery → Further cooperation.
