A11VLO260 Hydraulic Piston Pump Rexroth Axial Displacement For Rotary Drill Rig Construction Engineering Spare Parts

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: HALCYON
- Model Number: A11VL0145
- Minimum Order Quantity: 1 piece
- Price: Negotiable
- Packaging Details: Wooden Box + Pallet
- Delivery Time: In Stock: 1-3 day(s); Out of Stock: Customization time depend on specific circumstances
- Payment Terms: L/C, D/A, D/P, T/T, Western Union,
- Supply Ability: 900 pieces per month

Product Specification

- Condition: New
- Application: Excavator
- Warranty: 6 Months - 12 Months
- After Warranty Service: Online Support, Video Technical Support
- Video Outgoing-inspection: Provided
- Machinery Test Report: Provided
- OEM: Avaliable
- Highlight: **A11VLO260 hydraulic piston pump**, **Rexroth axial displacement pump**, **rotary drill rig hydraulic pump**

Product Description

The A11VLO260 hydraulic piston pump is a high-pressure axial displacement unit engineered as a direct replacement for Rexroth A11VO series pumps. Designed for rotary drill rigs, construction engineering machinery, and concrete truck applications, it delivers reliable flow control, durable performance, and precise interchangeability with original equipment specifications.

HALCYON Product Description

Our Rexroth-compatible hydraulic piston pump range covers A11VO40, A11VO75, A11VO95, A11VO130, A11VO145, A11VO190, A11VO200, A11VO210, A11VO260 and A11VLO130 axial piston pumps, manufactured in China to stringent quality standards.

Interchangeable Replacement Brands We Supply

Looking for more? We offer perfect interchangeable replacements for many of the world's most renowned hydraulic brands, including Rexroth, Eaton, Parker, Kawasaki, Tokimec, Sauer-Danfoss, Komatsu and more. Review the commonly offered models below — if you cannot find the model you need, contact us for assistance.

About Guangzhou Halcyon-Hydraulic Co. Ltd

Guangzhou Halcyon-Hydraulic Co. Ltd was founded in 2010 and is located in the Guangzhou National High-tech Development Zone. Our core business is the development and manufacture of high-pressure piston pumps, motors, spare parts, integrated hydraulic system products, and equipment repair and remanufacturing. The company has passed ISO9001 quality certification and has been awarded "Contract and Trustworthy Enterprise" and "Guangdong High-tech Enterprise" status.

OUR ADVANTAGES

- **Expertise in R&D and Design:** Over 20 years of experience in the research, development, and design of high-pressure piston pumps and motors.
- **Manufacturing Excellence:** More than 13 years in factory manufacturing, contributing to high standards and quality production.
- **Standard Development:** Active participation in the development of the Chinese national standard for hydraulic pumps.
- **Patent Portfolio:** Possession of 19 utility model patents and 5 invention patents, showcasing our innovative capabilities.
- **Cost-Effective Production:** Our real factory setup ensures cost-effective production and competitive pricing for high-quality products.
- **Customization and ODM Services:** Strong capabilities in offering customized services and excellent Original Design Manufacturing (ODM) to meet various client needs.
- **Industry Collaboration:** Extensive experience in manufacturing specialized hydraulic pumps and motors for major machinery manufacturers like XCMG

Our Advantages

Expertise in R&D and Design: Over 20 years of experience in the research, development, and design of high-pressure piston pumps and motors.

Manufacturing Excellence: More than 13 years of factory manufacturing experience, contributing to high standards and quality production.

Standard Development: Active participation in the development of the Chinese national standard for hydraulic pumps.

Patent Portfolio: 19 utility model patents and 5 invention patents, demonstrating our innovative capabilities.

Cost-Effective Production: Our real factory setup ensures cost-effective production and competitive pricing for high-quality products.

Customization and ODM Services: Strong capabilities in customized services and excellent Original Design Manufacturing (ODM) to meet diverse client needs.

Industry Collaboration: Extensive experience manufacturing specialized hydraulic pumps and motors for major machinery manufacturers such as XCMG.

Frequently Asked Questions

Q1. Why choose us?

We have more than 20 years of experience in hydraulic parts design and 14 years of experience manufacturing branded-quality piston pumps and motors. As a reputed factory supplier, we operate many modern production machines and testing equipment alongside a strict, renowned quality management system. We welcome ODM/OEM inquiries with high quality demands.

Q2. Can I customize the product?

Absolutely. Customizing service according to drawings or specific requests is the greatest advantage and key differentiator between HALCYON and common suppliers. We have excellent technical expertise and a mature production process in the hydraulic industry.

Q3. Can I have free samples?

Usually no, but this is negotiable depending on the products and order quantities.

Q4. What is the delivery time?

10–60 days after payment, depending on the specific products and order quantities.

Q5. How do I place an order?

Inquiry → Quotation → Negotiation → Samples → PO/PI → Down payment → Mass production → Quality inspection → Book Space → Balance/Delivery → Further orders.
