Frequently Asked Questions

Q1. Why choose us?

With more than 20 years of experience in hydraulic parts design and 14 years of experience manufacturing branded-quality piston pumps and motors, we are a reputed factory supplier. Our facility is equipped with modern production machines and testing equipment, backed by a strict and renowned quality management system. We welcome ODM/OEM inquiries with high-quality demands.

Q2. Can I customize the product?

Absolutely. Customization according to drawings or specific requests is our key advantage and a major difference between HALCYON and common suppliers. We have excellent technical expertise and a mature production process in the hydraulic industry.

Q3. Can I have free samples?

Usually no, but this is negotiable depending on the product and order quantity.

Q4. What is the delivery time?

Delivery takes 10 to 60 days after payment, depending on the product and order requirements.

Q5. How do I place an order?

The process is: Inquiry → Quotation → Negotiation → Samples → PO/PI → Down payment → Mass production → Quality inspection → Book space → Balance/Delivery → Further cooperation.
