Rexroth A10VSO 18 28 45 60 71 100 140 Axial Piston Hydraulic Pump Variable Displacement Heavy Industrial Equipment

Our Product Introduction

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: HALCYON
- Model Number: A10vso63
- Minimum Order Quantity: 2 pieces
- Price: Negotiable
- Packaging Details: Wooden Box+Pallet
- Delivery Time: In Stock: 1-3 day(s); Out of Stock: Customization time depend on specific circumstances
- Payment Terms: L/C, D/A, D/P, T/T, Western Union,
- Supply Ability: 900 pieces per month

Product Specification

- Condition: New
- Applicable Industries: Building Material Shops, Machinery Repair Shops, Manufacturing Plant, Construction Works , Energy & Mining
- Video Outgoing-inspection: Provided
- Machinery Test Report: Provided
- Warranty: 6 Months - 12 Months
- After Warranty Service: Online Support, Video Technical Support
- Color: Customer's Requirement
- OEM: Avaliable
- Customized: Available
- Highlight: **A10VSO axial piston pump**, **variable displacement hydraulic pump**, **heavy industrial hydraulic pump**

Product Description

HALCYON Product Description

The Rexroth A10VSO series is a line of axial piston hydraulic pumps with variable displacement, engineered for demanding heavy industrial equipment applications. Available in displacements from 18 to 140 cc/rev, these pumps deliver reliable pressure and flow control for construction machinery, mining equipment, and industrial hydraulic systems.

Interchangeable Replacements for Leading Global Brands

We supply perfect interchangeable replacements for many of the world's most renowned hydraulic brands, including Rexroth, Eaton, Parker, Kawasaki, Tokimec, Sauer-Danfoss, Komatsu, and more. If you cannot find the model you need in the table below, please contact us for assistance.

FACTORY

GUANGZHOU HALCYON-HYDRAULIC CO. LTD

ABOUT US

Guangzhou Halcyon-Hydraulic Co. Ltd was founded in 2010 and is located in Guangzhou National High-tech Development Zone.
Our main business is to develop and manufacture high pressure piston pumps, motors, spare parts,integrated products of hydraulic system, and equipments repairing and remanufacturing. The company has passed IS09001 quality certification, and has been awarded as "Contract and Trust worthy Enterprise" and "Guangdong High-tech Enterprise".

GLANCE AT THE WORKSHOP

Material → Machining → Inspecting

Assembling → Testing → shipping

OUR ADVANTAGES

- **Expertise in R&D and Design:** Over 20 years of experience in the research, development, and design of high-pressure piston pumps and motors.
- **Manufacturing Excellence:** More than 13 years in factory manufacturing, contributing to high standards and quality production.
- **Standard Development:** Active participation in the development of the Chinese national standard for hydraulic pumps.
- **Patent Portfolio:** Possession of 19 utility model patents and 5 invention patents, showcasing our innovative capabilities.
- **Cost-Effective Production:** Our real factory setup ensures cost-effective production and competitive pricing for high-quality products.
- **Customization and ODM Services:** Strong capabilities in offering customized services and excellent Original Design Manufacturing (ODM) to meet various client needs.
- **Industry Collaboration:** Extensive experience in manufacturing specialized hydraulic pumps and motors for major machinery manufacturers like XCMG

Frequently Asked Questions

Q1. Why choose us?

With more than 20 years of experience in hydraulic parts design and 14 years of experience manufacturing branded-quality piston pumps and motors, we are a reputed factory supplier. Our facility is equipped with modern production machines and testing equipment, backed by a strict and renowned quality management system. We welcome ODM/OEM inquiries with high quality demands.

Q2. Can I customize the product?

Absolutely. Customizing service according to drawings or specific requests is the most significant advantage and key differentiator between HALCYON and common suppliers. We have excellent technical expertise and a mature production process in the hydraulic industry.

Q3. Can I have free samples?

Usually no, but this is negotiable depending on the product and order quantity.

Q4. What is the delivery time?

Delivery takes 10–60 days after payment, depending on the specific products and order volume.

Q5. How do I place an order?

The ordering process is: Inquiry → Quotation → Negotiation → Samples → PO/PI → Down payment → Mass production → Quality inspection → Book Space → Balance/Delivery → Further orders.
